**BUILD YOUR NETWORK**

**Mentor Program**
Build key professional relationships early on by joining the MRED mentor program. Students have the opportunity to be mentored by a top real estate professional in working in their area of interest throughout the program.

**Professional Organizations**
In the real estate world, students have access to many opportunities that professionals do not. MRED students can take advantage of free or reduced access fees for organizations including ULI, CCIM, NAIOP, ICSC, CoreNet, and The Appraisal Institute as they build skills and grow their network.

**Peers, Alumni, & Instructors**
MRED students, alumni, and professors participate in a shared learning experience throughout the program. Students often find that these relationships carry into the professional world, and it’s common for students to do business with peers and alumni during or after the program.
