If you’re searching for a way to combine advanced business knowledge with the skills necessary to stay on top of the quickly advancing tech industry, a Master of Science in Information Systems (MSIS) degree is for you. The David Eccles School of Business offers a state-of-the-art program with opportunities to take your career in a variety of different directions and personalize your coursework to stay in tune with your future.

With an MSIS degree, you’ll graduate with the credentials and experience you need to land a leadership position in one of today’s fastest-growing job sectors.

**QUICK HIGHLIGHTS**

- Take evening & online classes
- Continue to work while in school
- Graduate in as little as a year
- Attend full-time or part-time

**AREAS OF SPECIALIZATION**

**IT Security**
Gain an in-depth knowledge of network architecture, potential security threats, and how to keep systems safe and secure.

**Software & Systems Architecture**
Learn the science of assessing available resources and developing the best model for system functionality, efficiency, and business goals.

**Product & Process Management**
Utilize your technical knowledge to optimize processes, anticipate challenges, and work with teams to meet deadlines.

**Business Intelligence & Analytics**
Gain the skill set required to discover new business areas, find and solve problems, and translate data for non-technical groups.

CAREER SERVICES
MSIS students benefit from working one-on-one with a dedicated career coach throughout the program. The MSIS career coach helps students prepare to enter the growing market for technology professionals and teaches a one-credit-hour course on career development.

With a number of Fortune 500 technology companies located in and near Salt Lake City, our MSIS graduates accept job opportunities at some of the most prestigious corporations in the United States.

INCREASE YOUR SKILLS

Capstone
Students complete a hands-on capstone as the culmination of their degree. In the capstone, students put their classroom knowledge to work to complete a complex information systems project. The capstone is three credit hours completed over three semesters. MSIS students can choose either a consulting project or an industry certification.

Concurrent Degrees
Students have the option to earn a Full-Time MBA, Professional MBA, MBA Online, MS Business Analytics, or MS Finance concurrently with the MSIS. Learn more at Eccles.link/MSIS-Concurrent.

SCHOLARSHIP OVERVIEW
Applicants with a complete MSIS application are eligible to apply for admissions scholarships. A separate scholarship application will be emailed to eligible applicants after notification of their admissions decision. Criteria for awards include demonstrated excellence in academic or professional pursuits, as assessed in program and scholarship applications.

10% SCHOLARSHIP FOR U OF U ALUMNI
University of Utah alumni are eligible for a 10% tuition scholarship once admitted to the Eccles School MSIS program. Applicants can qualify for this award by including the University of Utah as their degree-granting institution as well as uploading unofficial transcripts on their program application.
